**Based upon the foregoing information and on your Affiant's training and experience, your Affiant knows that a person can become impaired through any and all illicit or prescribed drugs that will tend to show the presence of quantitative levels of intoxicants. The levels of these intoxicants in dealing with methamphetamine can be present in the bloodstream for a 24-hour period or more depending upon the level of usage and frequency. In determining these levels this will assist the court, law enforcement, and other experts with a determination or opinion as to the level of the person's intoxication.**

**Your Affiant is also requesting a buccal swab for the purpose of collecting and comparing suspects DNA against other DNA in vehicle's.**

**Wherefore, your Affiant prays that a search warrant be issued for the location of evidence. I declare under penalty of perjury that the foregoing is true and correct. Executed at Corona, California on this 9<sup>th</sup>, January 2021.**
